

Mission Opportunity Partnering Survey

Presbytery of the Grand Canyon
Congregational Resourcing Team

To Whom It May Concern,

The Congregational Resourcing Team (CRT) is compiling a list of mission opportunities of congregations and Presbytery organizations to bring everyone together. We are creating a list of mission projects each church and organization participates in and categorizing it by subject, in hopes to create partnerships with each other. The list will be posted to the Presbytery website where you can look at other churches and organizations that are already working on mission projects you might be interested in, get information from them and hopefully partner with them to expand that mission.

Please complete this form and return by December 31, 2018:
