RE: Review of Sexual Misconduct Prevention Training

**Required: Courses Essential to Complete for Boundaries Training**

- **Duty to Report: Mandated Reporter**
- **Preventing Sexual Harassment: Employees Edition**
- **Preventing Abuse and Exploitation in Pastoral Ministry\***
- **Keeping Your Church Safe**
- **Meet Sam (reviews characteristics of predators)**
- **Social Media Safety (best practices for social media)\***
- **It Happened to Me (reviews effects of abuse on victims)**

Recommend: Review Courses for Subsequent Years that Reinforce Essentials

- Now You're a Supervisor
- Abuse Prevention Refresher

Additional, Helpful Courses that Are Situation Specific; Consider as Augmentation for Particular Candidates\*

- Preventing Sexual Activity Between Young Children
- Preventing Abuse against Adults with Disabilities
- Preventing Elder Abuse and Neglect
- Preventing Bullying
- Abuse Risk Management for Volunteers
- Keeping Your Camp Safe
- A Day at Camp

\*The following are example rather than my recommendations:

- A focus on youth ministry might suggest "Keeping Your Camp Safe," "A Day at Camp," "Preventing Bullying," and "Preventing Sexual Activity Between Young Children."
- A focus on hospital chaplaincy or elder care might suggest "Preventing Elder Abuse and Neglect," and "Preventing Abuse Against Adults with Disabilities."

Course that Does Not Apply to Our Work

- Blood Borne Pathogens

\*Course is pending and required if available prior to their "final assessment" as a candidate.
